

Introducing the NANUK 980 Long, Mid-Size Waterproof Protective Case

Montreal, Canada, January 17th, 2023 - NANUK, a company with more than 14 years of experience designing and developing world-class protective cases for valuable gear, is proud to announce the addition of its 34th case size to the NANUK series: the NANUK 980.

The NANUK 980 is a long, mid-size case versatile enough to protect a variety of equipment from not-so-long gear, lots of smaller gear, or both. Not as lengthy as their Long Cases but twice as long as some of their Medium Cases, it's built to protect firearms like a Heckler & Koch® MP5 or multiple Glock® pistols from simple bumps and bruises to torrential rain or other extreme conditions.

It's designed with deeper stacking ridges, enhancing stability for long-term storage, transport, or quick access. At the same time, it's just the right size and weight for personal carry.

Like all NANUK waterproof protective cases, the 980 is made of crushproof NK-7 resin certified to withstand extreme impact and continuous vibration – in other words; it's indestructible. It's also equipped with 1 oversized spring loaded-carry handle and four (4) of our legendary PowerClaw latches, ensuring that it stays perfectly shut in even the worst conditions.

The 980 comes with a lifetime warranty, a commitment from NANUK to not only keep your gear safe but to do so for life. Safety features also come in the form of lockable latches available as a retrofit kit and TSA Approved locks custom designed to fit our reinforced metal eyelets so whatever's inside stays safe and secure.

#

FOR IMMEDIATE RELEASE

Other accessories include Shoulder Strap, Panel Installation Kit, Cubed Foam, Padded Dividers, and Lid Organizer.

Key features of the NANUK 980:

- Interior dimensions: L26.9" x W13.3" x H6.2".
- MIL-STD-810G to protect from the harshest weather conditions.
- Spring loaded soft grip strong handle for easy carry and transport.
- Four (4) legendary PowerClaw latches to keep the case closed and sealed.
- NANUK shoulder strap compatible.
- In stock in 3 colors: Black, Olive, and Orange.

About NANUK

NANUK's mission is to design, engineer, and manufacture high-quality injection molded cases that protect valuable equipment. The company's line of NANUK waterproof cases is trusted by professionals worldwide to organize, protect and carry instrumentation and equipment in unforgiving environments.
