

NANUK Unveils Two New Firearms Cases

Las Vegas, Nevada, January 17th, 2023 - NANUK, a company with more than 14 years of designing and developing world-class protective cases for valuable gear, is proud to announce the addition of two new firearm cases to their product line-up: 988 4-Up Rifle Case and 910 Pistol Optic Ready Case.

The NANUK 988 4-Up Rifle Case and 910 Pistol Optic Ready Case are designed and built to provide firearms with the maximum level of protection available on the market. With custom-made foam interiors and a hardwearing NK-7 resin exterior, each case ensures unprecedented safety for both rifles and pistols alike. NANUK's indestructible cases keep weapons and related gear secure and safeguard them from repeated blows, drops that happen in the field.

"Both cases are specifically designed to meet different needs of competitive shooters, law enforcement officers, the military, and firearm enthusiasts," said Dennis Piretra, NANUK's VP of Marketing and Commercial Strategy. "Working with firearms pros to develop these new cases prioritized the nuanced requirements of professionals including protection, fit, versatility, and security."

The NANUK 988 4-Up Rifle Case is long and deep enough to store up to four (4) AR15 rifles at an overall length of up to 39.75" with different optics installed, including scopes, red dots and everything in between. The center cavities allow storage of up to twelve (12) magazines and two (2) NANUK reusable desiccant containers that actively remove moisture inside the case. The case can be locked using the two integrated, reinforced eyelets using two custom designed NANUK TSA padlocks.

#

FOR IMMEDIATE RELEASE

Key features for the NANUK 988 4up rifle case:

1. Interior dimensions: 41.75" x 13.63" x 12.50".
2. MIL-STD-810G to protect from the harshest weather conditions.
3. High-grade custom-cut closed-cell foam to specifically fits popular AR15 rifles.
4. Three (3) soft grip strong handles for easy carry and transport.
5. Two (2) large and strong polyurethane wheels for easy mobility.
6. Six (6) legendary PowerClaw latches to keep the case closed and sealed.

Measuring 14.3" x 11.1" x 4.7", the NANUK 910 Pistol Optic Ready Case is lightweight, nimble, and endlessly convenient. It's designed for a single classic style or Glock® pistol with mounted optics and three (3) single-stack magazines. The precision cut foam fits many of the Gen4 Glocks, Springfield Armory® XD series, Smith & Wesson® M&P 9 M2.0, Sig Sauer® P226, P227, P229, P320, P365, Heckler & Koch® VP9, VP9L, SFP9, SFP9L, VP9 SK, Beretta® APX, 92X, M9A4, and many more models and manufacturers. Compatible optic sights include Trijicon® RMR, SRO, Reflex, Sig Sauer Romeo Series, Aimpoint® Acro Series, Leopold® Delta Point Pro Series, and many more models and manufacturers.

The NANUK 910 Pistol Optic Ready Case features high-quality grade closed cell PEF foam for the base and soft cushioned foam for the lid, each ensuring long-term performance and protection. The case can accommodate a pistol with an installed trigger lock and can be securely locked using its two integrated, reinforced eyelets and NANUK TSA padlocks.

FOR IMMEDIATE RELEASE

All NANUK cases are built with an NK-7 resin shell which is waterproof, dustproof, and impact resistant. The 910 and 988 are lightweight, with sleek rounded corners, thick walls, and stylish oversized details. They're shock-absorbent to prevent damage to the case and, more importantly, to the valuable firearms they're made to protect. Equipped with patented PowerClaw latches that use compressive force to clamp the lid tight, NANUK cases never open accidentally. They're backed with a lifetime warranty, NANUK's commitment to building protective cases to last so that your equipment can too.
