WestOhioTool.com • 937-842-6688

West Ohio Tool Co. is a leading US PCD and Carbide custom cutting tool manufacturer. We produce and service custom cutting tools engineered to last long and work harder all while lowering your cost per hole.

We are driven to help others succeed; gain the edge! We exist because we believe in helping people solve problems. As experienced PCD & carbide cutting tool makers, we're proud to partner with you!

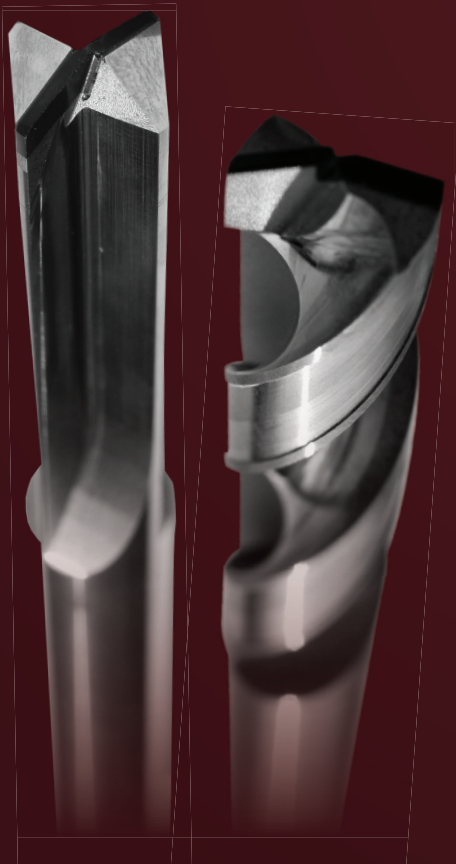

THE PROCESS

Exceeding expectations for more than 30 years.

WEST OHIO
T O O L C O.

We are excited to help you gain the edge!

We can do that by providing incredible:

SUPPORT:

Problem solving, technical support, face to face, while building a long-term partnership.

QUALITY:

Better tooling, faster speeds and feeds, longer tool life, strongest pcd available.

DELIVERY:

Up to 75% faster than industry standard.

These are the solutions your business needs to succeed! As experienced PCD and carbide cutting tool makers, we're proud to partner with you!
