

RESULTS
DRIVEN.
FOCUSED
ON
IMPACT.

There is nothing more that makes our company's heart beat more than helping people solve problems.

West Ohio Tool Co. was created exactly for that reason. And to this day, there are no bigger smiles and cheering than when a customer's problem has been solved, even moreso, when other competitor's were tried first and couldn't succeed, but we did!

In our community, bigger problems exist like food insecurity. Food insecurity was very real growing up when the economy was rough in the 80's, and again when my parents started the business. I never went hungry, but they did and never complained.

Dad had a vision and the vision needed cash.

So, they exchanged meals for machines.

In September of 2022, we started a few initiatives. For every manufactured part number ordered, we donate 10 meals to Feeding America. In addition, we volunteer as a team like passing out holiday meal boxes for Second Harvest Food Bank. Also, paying each employee up to two calendar days annually to volunteer in their community.

The numbers of those without food are staggering. But with your orders, together we are able to make a difference.

Thank you for helping us make a gigundous impact!
