

K.P.O.TM

Knife Pivot Oil

K.P.O.TM Knife Pivot Oil is formulated and made in-house at our Idaho plant. Using the highest quality aerospace grade synthetic base oils, tackifiers, extreme pressure / anti-wear additives and corrosion / rust protection additives, we developed a knife oil you can trust.

K.P.O.TM Knife Pivot Oil is a 100% synthetic, Non-TOXIC / Non-HAZARDOUS product.

K.P.O.TM Knife Pivot Oil comes in a 1oz Needle Applicator Bottle with a screw-on protective cap that stops leaks and bent needles. It works for lubrication of pivot points and bearings, makes an excellent sharpening oil for wet stones and diamond sharpeners, cleans and protects your blade from rust and corrosion. The BEST part.... it's only \$7.99 a bottle. Why pay 2-6 times the price when K.P.O.TM Knife Pivot Oil will do everything you need? Oil is what we do and we choose to bring our customers the best lubricants for their gear, at affordable prices!
