## Firearm Barrel Lapping Kit

The **EZ-FireLap<sup>TM</sup>** Firearm Barrel Lapping Kit is designed to allow the everyday shooter to lap their barrel without needing special bullets or requiring them to reload cartridges like many other systems. This economical color-coded system can be easily used with just a few items provided by the shooter that they likely already own.

Using our **Color-Coded** Lapping Compounds and their own ammunition, they can fire-lap their firearm's bore with ease!

- Increase Accuracy
- Improves Standard Deviation in Velocity
- Clears and helps prevent fouling
- Can breath "life" into older barrels
- No special skills or knowledge needed
- Uses factory ammo you already have.
- NO reloading
- Simple to use
- Economical

The **EZ-FireLap<sup>TM</sup>** Firearm Barrel Lapping Kit will treat 1-2 barrels depending on bore size and desired finish.
