

The Hawkeye™ IWB includes a protective pocket for optical sights!

Comfortable and convenient, the Hawkeye features a snap-on design that allows the holster to attach and detach from the belt without removing the belt. Reinforced premium steerhide construction retains its shape when the handgun is removed, allowing smooth and easy return to the holster. The smooth-out leather construction rides comfortably against the body, and features full firing grip clearance for a quick and sure draw.

It's supplied with removable black belt loops fitting belts up to 1 3/4", with optional tan and black 1 1/4", 1 1/2", and 1 3/4" belt loops available.

The Hawkeye is available in right hand design with black or tan finish.

MSRP \$149
