

## FOR IMMEDIATE RELEASE

### Utica USA Introduces the Rugged 11-RT902C “War Bull” Fixed-Blade Knife

*Utica, NY* — Utica USA, a longstanding name in American-made cutlery, is proud to announce the launch of its newest survival and hunting blade: the **11-RT902C “War Bull.”**

#### A Knife Built to Withstand the Toughest Conditions

Designed for durability and functionality in demanding environments, the War Bull features:

- A **3-inch drop-point fixed blade** made of high-quality **440C stainless steel**, offering a balance of toughness and edge-retention.
- A **bright orange powder-coat finish**, which not only adds visual appeal but also improves corrosion resistance and visibility in outdoor settings.
- A **4.1-inch handle** crafted from ABS in a Realtree Edge pattern — combining ergonomic grip with rugged aesthetics.
- A hardness rating of **54–59 HRC**, making the blade both resilient and capable of holding an edge.
- A durable sheath included for safe transport and ready access in the field.
- Proudly **made in the USA**, reflecting Utica’s commitment to American manufacturing quality.

#### Purpose-Built for Outdoor Enthusiasts

The War Bull is ideal for:

- **Hunters**, who will appreciate its compact, strong blade for skinning, field dressing, or general camp use.
- **Survivalists and outdoor adventurers**, thanks to its high-visibility finish and dependable steel.
- **Tactical users**, as a dependable backup or utility blade.
- **Everyday carry (EDC)** for those wanting a reliable fixed-blade knife in a compact, rugged form.

#### Competitive Value

Priced at **\$58.99**, the War Bull delivers exceptional value for a high-performance, U.S.-made knife — making it accessible to both first-time knife buyers and seasoned outdoorsmen.
