

Morrisette Packaging Unveils First-of-Its-Kind Digital Printing Capabilities – Proudly Built in North Carolina

GREENSBORO, N.C. — Morrisette Packaging, one of America’s largest family-owned packaging companies, announces the launch of its completely new digital printing and converting platform—introducing capabilities not found anywhere else in North America.

With the addition of state-of-the-art digital printing, precision die-cutting, and high-speed gluing, Morrisette Packaging becomes the only packaging company in North America offering this exact combination of technology, color accuracy, flexibility, and operational control in a single integrated workflow.

Built in the heart of North Carolina, Morrisette Packaging’s new platform reflects the company’s long-standing commitment to American innovation, local investment, and people-first partnerships. Morrisette Packaging is the premier packaging partner of the Outdoor Industry.
