MARK37 to Showcase Privacy-First Technology at SHOT Show 2026 in Las Vegas

SPARTANBURG, SC - December 1, 2025 — MARK37 today announced it will exhibit at SHOT Show 2026 in Las Vegas, NV, bringing its latest privacy-first products to the industry's leading stage for innovation and gear. Attendees are invited to visit MARK37 at Booth **40864** to experience solutions designed to put users back in control of their digital lives.

At SHOT Show, MARK37 will demonstrate how its technology helps individuals and teams strengthen autonomy and security in a landscape increasingly dominated by Big Tech. From safeguarding personal data to enabling more independent digital operations, MARK37's tools and education are built to empower users with practical, privacy-centric performance.

"Digital sovereignty shouldn't be a luxury—it should be the standard," said Sean Patrick Tario, Co-Founder and Chief Privacy Advocate at MARK37. "We're excited to show the SHOT Show community how our products make privacy accessible, intuitive, and powerful. Stop by to meet the team and discover how advanced technology—paired with personalized education and support—can empower you to reclaim your digital sovereignty."

Event Highlights at Booth 40864:

- Hands-on demos of MARK37's newest privacy-first products
- Expert guidance on strengthening digital autonomy and security
- Direct access to the MARK37 team for Q&A and implementation insights

"We are standing at the precipice of total digital enslavement, and most people—even those who claim to care about personal privacy—are not just passive observers but active participants in their own oppression. Whether you're an individual, a professional, or part of a mission-driven organization, we're here to help you take back control of your digital lives," added Sean Patrick Tario.
