

## Winchester Safes Set to Debut Bold Innovations at SHOT Show 2026

### For Immediate Release

Fort Worth, TX - Winchester Safes, the most trusted name in safe innovation and reliability, is raising the bar at SHOT Show 2026, pioneering a new modern living-focused safe category, upgraded features, and elevated color introductions. From January 20-23, at the Venetian Expo, Booth 12027, dealers and buyers can experience firsthand how Winchester Safes is redefining what forward-thinking security looks like.

“The days of one-safe-fits-all are over. Today’s customer is looking for security that fits *their* lifestyle.” said Kyle Walters, President of Winchester Safes. “Our 2026 lineup is intentionally designed to help dealers win on the showroom floor, with products that stand out visually and deliver the performance Winchester Safes is known for.”

### What to expect:

- **[NEW] VaultLite™ Secure Storage Series** – *“Lite” on space and price, heavy on security.* Winchester Safes officially expands beyond the traditional gun safe with the VaultLite™ 12, 18, and 28, offered in black, slate, and white. Winchester Safes’ expansion into an entirely new category offers a true safe solution in a compact, affordable, and home-friendly design. Unlike traditional security cabinets, the VaultLite™ is built as a 14 ga. solid steel safe with locking bolts and electronic lock, delivering legitimate protection at a price point that appeals to a mass market. This category-creating product opens new opportunities for outdoor retailers, furniture stores, and property management groups looking to add high-demand, high-turn potential security products to their assortments. With broad lifestyle appeal and a proven sales track record on TractorSupply.com, the VaultLite™ is positioned to be a strong volume driver across multiple retail channels.
- **[Premium Features Now Standard]** An integrated retractable utility shelf and the innovative GunStiXX™ Storage System will be included on most 2026 models, delivering smarter organization and more usable space in every safe.
- **[NEW] Outrider Series** - Finished in a midnight navy with brushed chrome hardware, the Outrider Series features a newly designed metal Winchester logo plate and Outrider door badge. Available in 22-, 35-, and 48-gun models, the Outrider delivers an upgraded look and practical interior for the suburban sportsmen and women.
- **Big Daddy XLT2 Pearl Edition** – High capacity meets class. A bold new white finish offers a sophisticated alternative for customers who want powerful protection and

presence. Up to 70-gun capacity, 11 ga solid steel construction, 90 min fire rating at 1400° F, utility shelf, and GunStiXX™ Storage System included.

- **Ranger 42 Heritage Green Edition** – A refined return to Winchester Safes' roots featuring an original colorway on a top-performing safe. A rich, deep green finish delivers timeless appeal with modern performance. Up to 65-gun capacity, 12 ga solid steel construction, 60 min fire rating at 1400° F, utility shelf, and GunStiXX™ Storage System included.
- **Ranger 44 Stealth Edition** - A tone-on tone textured black body, gloss black door, and matte black graphics creates a tactical-inspired look on the best-seller for the modern shooter. Up to 55-gun capacity, 12 ga solid steel construction, 60 min fire rating at 1400° F, utility shelf, and GunStiXX™ Storage System included.

## **About Granite Security Products/Winchester Safes**

Granite Security Products/Winchester Safes has been a prominent figure in the U.S. gun safe industry for 35 years. Founded in January 1990 by Vietnam veteran Kyle Walters, who serves as the President and Owner, the company boasts a rich history steeped in expertise and dedication. Before establishing Granite, Walters held the esteemed position of President at American Security Products in California for a decade, accumulating invaluable experience within the safe industry. In December 1991, Granite achieved a significant milestone by securing the first prestigious UL Listing of RSC (Residential

Security Container) for a gun safe. In 1999, Walters acquired the gun safe product line and Winchester License from Meilink Safe Company in New Albany, IN. By integrating the iconic Winchester brand with our extensive gun safe line, Winchester Safes experienced exponential growth, firmly establishing itself as a leader in the industry. Today, Winchester Safes operates with a remarkable unit capacity of over 1 Million safes per year, demonstrating its dedication to meeting the evolving needs of customers nationwide. Strategically located in Texas, our centralized position offers customers a significant freight cost advantage to any shipping point across the United States.
