

## PRESS RELEASE – FOR IMMEDIATE RELEASE

### QUALITY THREAD & NOTIONS TO SHOWCASE QT ARMOR™ MIL-SPEC THREAD, WEBBING, AND HOOK & LOOP AT SHOT SHOW SUPPLIER SHOWCASE 2026

**Las Vegas, NV — January 19-20, 2026 —** Quality Thread & Notions, a leading supplier of industrial sewing threads and textile components, will exhibit at the **SHOT Show Supplier Showcase 2026**, taking place January 19–20, 2026, at the Venetian in Las Vegas, Nevada. Attendees can visit **Booth #52541** to learn more about the company’s high-performance mil-spec material solutions.

At the Supplier Showcase, Quality Thread & Notions will feature its portfolio of **QT Armor™ Mil-Spec Thread, Webbing, and Hook & Loop** products engineered for demanding, specification-driven applications. These materials are commonly used in the manufacturing of tactical gear, defense equipment, load-bearing systems, and rugged sewn products where durability, strength, and compliance are critical.

“Exhibiting at the SHOT Show Supplier Showcase allows us to connect directly with manufacturers who rely on proven, dependable materials,” said Bob Heintz, President of Quality Thread & Notions. “**Our QT Armor™ Mil-Spec thread, webbing, and hook & loop** solutions are designed to help customers meet strict performance and regulatory requirements with confidence.”

Quality Thread & Notions’ QT Armor™ Mil-Spec thread is manufactured to meet stringent government specifications, delivering consistent seam strength and abrasion resistance in mission-critical applications. The company’s webbing solutions provide excellent tensile strength and durability for tactical and load bearing uses, while its hook & loop products offer secure, repeatable fastening trusted across defense and industrial markets.

The SHOT Show Supplier Showcase brings together key suppliers and manufacturers serving the shooting sports, defense, and tactical industries, making it an ideal platform for collaboration and innovation.
