

From a single plank... Infinite possibilities.

KEVA[®]
planks

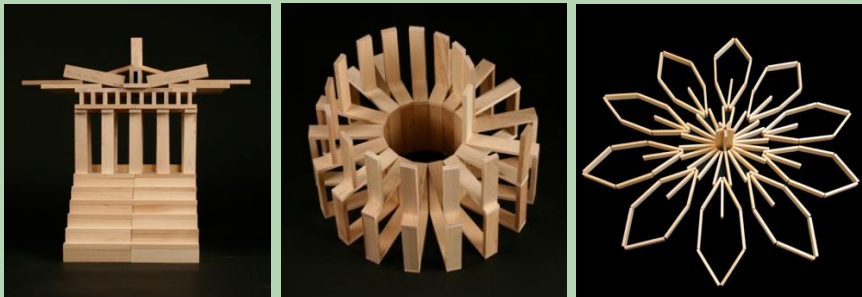

KEVA was asked to build the Shrek Castle for a Dreamworks[®] Animation Exhibit.

“Every child is an artist.
The challenge is to remain an artist once they grow up.”
- Pablo Picasso

Build a Mind

In your living room...

Parents, make your home a hub of creativity and innovation. KEVA planks provide an engaging intergenerational activity for your family or guests. Give your children a meaningful alternative to electronics and watch them amaze you. Plant the seed of greatness and let your children explore their artistic nature, problem solve and engage in play that may influence their career. Play with a purpose.

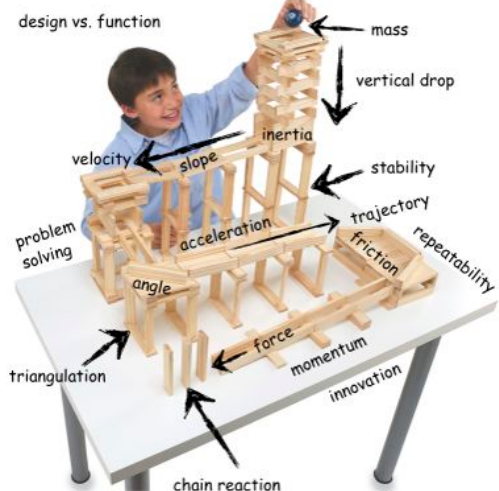

DEFY AGE LIMITS.

Attention spans lengthen, concentration deepens, creativity flourishes, excitement builds, and children learn.

In your classroom...

Teachers, KEVA planks can add a hands-on active learning component to almost any subject you are teaching. Our educator resources help you bring stories and historic events to life, explore STEM principles, provide engineering challenges, promote team building, games, group activities, room sized geography, art and more. From pre-K to college, every student builds at their own skill level.

KEVA planks provide a quiet, meaningful, unguided activity for students who finish an assignment or arrive early - a perfect classroom incentive. KEVA planks make your job easier and more effective.

Engineering concepts come to life.

Attention spans lengthen...

Send us an email to learn about pricing discounts for educators. Ask for our *Find the Money* packet with a KEVA grant guide written by a professional grant writer. Energize your professional development. Explore **KEVAplanks.com** to see astounding structures and our helpful KEVA Education resources - now available for free. Let's talk.
