

TWENTY-SIXTEEN

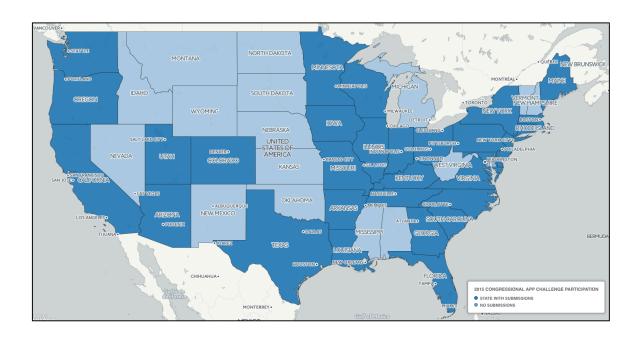

The 2016 Congressional App Challenge will be held from July 18th – November 2nd, 2016.

July 18th, 2016 – November 2nd, 2016

2015 MEMBER PARTICIPATION

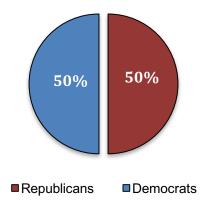

In 2015:

- Representatives from 32 states participated in the CAC
- Member participation in the Congressional App Challenge grew by 40%.
- 116 Districts received submissions of original apps

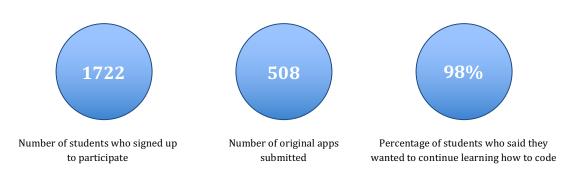

BIPARTISAN SUPPORT:

Participation in the 2015 Congressional App Challenge was incredibly bipartisan. Members who participated represented both parties almost exactly equally.

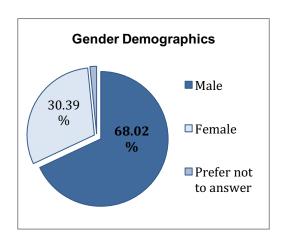

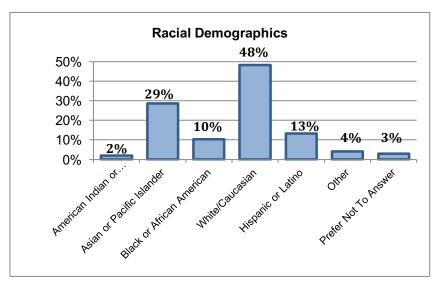

2015 STUDENT DEMOGRAPHICS

Following the 2015 Congressional App Challenge, students were asked to complete an anonymous exit survey. From this survey, we were able to collect demographic information about the participants, as well as feedback about the challenge.

The 2015 Congressional App Challenge made special efforts to include student participants from all backgrounds. Using these baseline metrics, we intend to expand our efforts to integrate elements of equity into the Challenge in coming years.

A student on their experience:

"The app I created for CAC was actually the very first official iOS app I developed and released onto the App Store. Not only did I learn a great deal on **coding**, **interface designing**, and **backend development**, but also about Apple' app submission process."
