

# STEM EVENT MEDIA RELEASE

The Naval Surface Warfare Center Dahlgren Division (NSWCDD) provides support to and publishes a variety of information about Science, Technology, Engineering and Mathematics (STEM) events and activities in our community. Information may be published in both printed and electronic form. If your student is attending in one of our STEM events, your student may be photographed or videotaped. By participating in one of these events, you are allowing your student to be photographed or videotaped.

If you DO NOT wish for photographs or videos of your student to be used for informational purposes as described above, please notify a representative of the NSWCDD staff working at the event immediately.

**Thank you.**
