FOR IMMEDIATE RELEASE

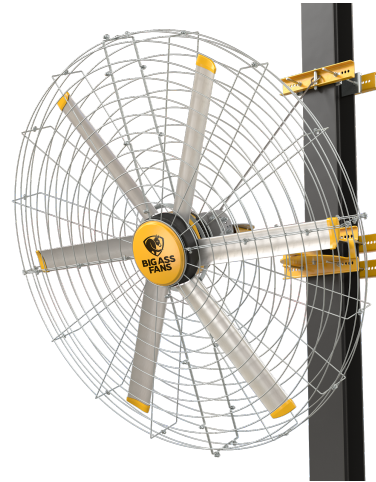

## **BIG ASS FANS BRINGS BACK THE PIVOT**

LEXINGTON, KY - Tight workspaces, crowded floors and ceiling areas make it difficult to get cooling airflow to workers who need it. Bring comfort to these hard-to-reach work areas with the Big Ass Fans® Pivot 2.0.

Thanks to a virtually infinite number of speeds and versatile mounting options, you'll get precisely the air movement you want, where you want it. Pivot 2.0's direct-drive motor means you can count on it to always operate quietly and efficiently.

Pivot 2.0's easy-to-install, durable steel cage keeps workers safe. Made from high-quality materials, this is the fan that delivers it all.

- Cooling air up to 120 feet from fan thanks to a 6-ft diameter and powerful motor
- Versatile installation with ceiling, beam and column mounting options
- Air in the right spot with 73 airflow positions and variable speed controls
- Quiet operation with a direct-drive motor and balanced airfoils
- Worry-free performance thanks to a 3 yr warranty. Lifetime on hub and airfoils

The entire Pivot 2.0 fan is Intertek/ETL-certified to UL 507 and CSA C22.2 No. 113 (that means it's safe).

For more on Pivot 2.0, check out [bigassfans.com](http://bigassfans.com) or call 877-244-3267.

### About Big Ass Fans:

In 1999, Big Ass Fans introduced industrial fans for dairy barns. Our customers recognized the versatility of the fans and began to install them in warehouses, factories and even churches. With every new application, our engineers set out to design the perfect solution. From the first silent motor technology to fans specifically designed to work with air conditioning or automatically adjust, we're all about finding new ways to meet customers' needs. For more information on Big Ass Fans, visit [www.BigAssFans.com](http://www.BigAssFans.com) or call 877-244-3267.
